

# WINTON

Description [Technical Drawings](#)

[1700x720x820](#)

(1700x720x820)

## Advice:

Due to the contemporary slipper design of the Winton bath, mounted taps cannot be fitted

Traditional floor standing taps, perhaps with a hand held shower, would complement the slipper design of the Winton

At its highest point the Winton is 820mm high.
